1. INTRUCTION

Data presented in this Summary of the quarterly postal services market indicators is based on statistical data HAKOM collects from all postal service providers quarterly. In certain cases, HAKOM cannot observe irregularities in reports/data until several consequent periods are compared. As a result, HAKOM emphasizes that minor discrepancies from actual data are possible. Also, the values of individual indicators in this report may deviate from the previously published values due to corrections and/or subsequently submitted reports by individual provider. HAKOM does not assume responsibility for the quality of data reports delivered by the providers.
